

PUBLIC RECORDS POLICY AND PROCEDURES
DAVIDSON COUNTY CLERK'S OFFICE

Pursuant to Tenn. Code Ann. § 10-7-503(g), the following Public Records Policy for The Davidson County Clerk's Office is hereby adopted by the Metro Public Records Commission as authorized under BL2017-708 to provide economical and efficient access to public records as provided under the Tennessee Public Records Act ("TPRA") in Tenn. Code Ann. § 10-7-501, et seq.

The TPRA provides that all state, county and municipal records shall, at all times during business hours be open for personal inspection by any citizen of this state, and those in charge of the records shall not refuse such right of inspection to any citizen, unless otherwise provided by state law. See Tenn. Code Ann. § 10-7-503(a)(2)(A). Accordingly, the public records of The Davidson County Clerk's Office are presumed to be open for inspection unless otherwise provided by law.

The Davidson County Clerk's Office shall timely and efficiently provide access and assistance to persons requesting to view or receive copies of public records. No provisions of this Policy shall be used to hinder access to open public records. However, the integrity and organization of public records, as well as the efficient and safe operation of The Davidson County Clerk's Office, shall be protected as provided by current law. Concerns about this Policy should be addressed to the Public Records Request Coordinator for The Davidson County Clerk's Office or to the Tennessee Office of Open Records Counsel ("OORC"). If a department routinely provides documents to the public in the ordinary course of business, nothing in this policy should prevent it from continuing to do so. In such cases, when requests are made for such documents directly to the department, and the request is fulfilled by the immediate provision of the documents to the requesting party, it is not necessary for the department to go through the process described in this policy.

This Policy is available for inspection and duplication in the Davidson County Clerk's Office. This Policy is posted online at www.nashvilleclerk.com. This Policy shall be reviewed at least every two years.

This Policy shall be applied consistently throughout the various offices and/or divisions of The Davidson County Clerk's Office.

While requests under this policy should be initially submitted to the Public Records Request Coordinator and forwarded to the respective Records Custodian(s) to facilitate and fulfill requests as outlined in this policy, the Davidson County Clerk shall be responsible for carrying out this policy. The Davidson County Clerk may adopt supplemental rules as authorized in accordance with this policy and shall also have the responsibility to:

- 1) Preserve the confidentiality of a public record or information in a public record that is confidential under the Tennessee Public Records Act (T.C.A. 10-7-504 et seq., as the same may be hereafter amended), or other law.
- 2) Protect public records from damage or disorganization.
- 3) Make public records not exempt from disclosure and in the Davidson County Clerk's custody available for inspection during normal business hours unless a state law provides otherwise.

I. Definitions:

A. *Confidential record*: Any record, or part of a record, which is defined by the Tennessee Public Records Act, or other state or federal law, as being exempt from public inspection, including, but not limited to, those records listed in T.C.A., § 10-7-504.

The PRRC or records custodian may respond to a request by directing the requester to such publicly available information, if it includes the records responsive to that request. Requesters should note that their public records requests and the information submitted along with them are also public records and will be publicly available unless otherwise protected from disclosure by state or federal law.

III. Responding to Public Records Requests

A. Public Record Request Coordinator

1. The PRRC shall review public record requests and make an initial determination of the following:
 - a. If the requester provided evidence of Tennessee citizenship;
 - b. If the records requested are described with sufficient specificity to identify them, if practical (unless the records custodian is needed to make this determination); and
 - c. If the Davidson County Clerk is the custodian of the records, if known (unless the records custodian is needed to make this determination).
2. The PRRC shall acknowledge receipt of the request and take any of the following appropriate action(s):
 - a. Advise the requester of this Policy and the elections made regarding:
 - i. Proof of Tennessee citizenship;
 - ii. Form(s) required for copies;
 - iii. Aggregation of multiple or frequent requests, if appropriate.
 - b. If appropriate, deny the request in writing, providing the appropriate ground such as one of the following:
 - i. The requester is not, or has not presented evidence of being, a Tennessee citizen.
 - ii. The request lacks specificity, if it can be determined by the PRRC
 - iii. An exemption makes the record not subject to disclosure under the TPRA, if it can be determined by the PRRC. PRRC will provide the exemption in written denial).
 - iv. The Governmental Entity is not the custodian of the requested records, if known by the PRRC.
 - v. The records do not exist, if known by the PRRC.
 - c. If appropriate, contact the requester to see if the request can be narrowed (PRRC will attempt to offer to assist in clarification, if possible).
 - d. Forward the records request to the appropriate Metro records custodian(s) if covered under this policy.
 - e. If requested records are in the custody of a different governmental entity and if the PRRC knows the correct governmental entity, advise the requester of the correct governmental entity and PRRC for that entity if known.
3. The designated PRRC for all the Davidson County Clerk's office is:
 - a. Name or title: Mr. Joey Workman, Chief Deputy, Administration

b. Contact information:

Email: joey.workman@nashville.gov

Phone: 615-862-6050

Mailing/physical address: 700 Second Ave S, P.O. Box 196333, Nashville, TN 37219-6333

Fax: 615-862-5986

4. The PRRC(s) shall report to the Public Records Commission once every two years about the Governmental Entity's compliance with the TPRA pursuant to this Policy and shall make recommendations, if any, for improvement or changes to this Policy.

B. Records Custodian

1. Upon receiving a public records request, a records custodian shall promptly make requested public records available in accordance with Tenn. Code Ann. § 10-7-503. The records custodian also has the right to contact the requester to see if the request can be narrowed. If the records custodian is uncertain that an applicable exemption applies, the custodian may consult with the PRRC or Metro Legal/counsel.

2. If not practicable to promptly provide requested records because additional time is necessary to determine whether the requested records exist; to search for, retrieve, or otherwise gain access to records; to determine whether the records are open; to redact records; or for other similar reasons, then a records custodian shall, within seven (7) business days from the records custodian's receipt of the request, send the requester a completed Public Records Request Response Form which is attached, based on the form developed by the OORC and send a copy of this completed form to the PRRC in the Davidson County Clerk's Office.

3. If a records custodian denies a public record request, he or she shall use the Public Records Request Response Form to notify the requester of the denied request using the Public Records Request Response Form and send a copy of this completed form to the PRRC in the Davidson County Clerk's Office.

4. If a records custodian reasonably determines production of records should be segmented because the records request is for a large volume of records, or additional time is necessary to prepare the records for access, the records custodian shall use the Public Records Request Response Form to notify the requester that production of the records will be in segments and that a records production schedule will be provided as expeditiously as practicable. If appropriate, the records custodian should contact the requester to see if the request can be narrowed. The records custodian shall send a copy of this completed form to the PRRC in the Davidson County Clerk's Office.

5. If a records custodian discovers records responsive to a records request were omitted, the records custodian should contact the requester concerning the omission and produce the records as quickly as practicable and notify the PRRC in the Davidson County Clerk's Office of this discovery and response.

6. If the records custodian fails to comply with any of the provisions of this policy, the department head will be notified and will be responsible for fulfilling the provisions and responsibilities of the record custodian.

C. Redaction

1. If a record contains confidential information or information that is not open for public inspection, the records custodian shall prepare a redacted copy prior to providing access. If questions arise concerning redaction, the records custodian should coordinate with Metro Legal/counsel or other appropriate parties regarding review and redaction of records.

2. When requested by a requester, a records custodian should provide the requester with a general statement of the bases for redaction(s) within the records provided. The bases given for redactions shall be general in nature and not disclose confidential information.

IV. Inspection of Records

A. There shall be no charge for inspection of open public records unless otherwise provided for under state or federal law.

B. The location for inspection of records within the offices of The Metropolitan Government of Nashville and Davidson County will be at the location of the department(s) who has custody of the record or an alternate location such as the office of the PRRC, as authorized. The records custodian or PRRC will advise the requester of the location where these records can be inspected.

C. A records custodian or PRRC may require an appointment for inspection or may require inspection of records at an alternate location. When an appointment is required, the appointment will be during normal business hours and should be at a mutually agreeable time for the requester. Each department may adopt policies to be approved by the Public Records Commission and filed with the PRRC, regarding the need for appointments and/or hours of inspection. If no policy is on file, the presumption shall be that no appointment is required, but under reasonable circumstances a records custodian may nevertheless require one.

V. Copies of Records

A. A records custodian shall promptly respond to a public record request for copies in the most economic and efficient manner practicable.

B. At the discretion of the records custodian or PRRC, as applicable, and where possible, the responsive records may be emailed to the requester.

C. Copies, whether hard copies or in electronic form, such as on a cd or flash drive, depending on what is easiest for the records custodian or PRRC, will be available for pickup at a location specified by the records custodian at one of their department location(s).

D. Upon payment for postage and copies, copies will be delivered to the requester's preferred or home address by the United States Postal Service. Additional permitted means of delivery may be utilized at the discretion of the PRRC or records custodian, as appropriate.

E. A requester inspecting records will be allowed to photograph records with a smart phone or camera, although such photographs of records will not be eligible for certification as certified copies, but, for cybersecurity reasons, under no circumstances may a requester insert a personal flash drive or other storage device into any Metropolitan Government computer.¹ The use of any other device is at the discretion of the PRRC or records custodian, as appropriate, which decision shall be made based on considerations such as security or the burden imposed on the department. *A requester may obtain electronic copies of records on a flash drive or cd provided by the Metropolitan Government, which copies and media will be provided consistent with the provisions of Section VI of this Policy, below.*

VI. Fees and Charges and Procedures for Billing and Payment

A. The Davidson County Clerk may delegate any and/or all of the following functions to his/her designee or records custodian.

B. The Davidson County Clerk/designee shall produce records using the most cost efficient method(s).

¹ A department hosting the inspection of electronic records on a Metropolitan Government computer shall, in consultation with ITS, if necessary, lock down the computer that is going to be used for the inspection so as to prevent someone being able to use a flash drive to copy information. Any DVD drive on the computer shall be either disabled or removed entirely to prevent its use. While it may be necessary for the computer on which the inspection will occur to be connected to the network for the purposes of retrieving the records to be inspected, after that is done but prior to the inspection it shall be disconnected from the network.

C. In the absence of a departmental policy approved by the Public Records Commission and filed with the PRRC or other applicable federal, state, or local law which governs cost of a particular record, requesters shall be charged \$0.15 per page (8 ½" x 11" or 8 ½" x 14" paper) for black and white copies. For documents in color, requesters shall be advised that color copies are available at a higher charge than black and white copies. If the requester then requests a color copy, the requester shall be charged \$0.50 per page (8 ½" x 11" or 8 ½" x 14" paper). Duplex copies (copies on both sides of a page of paper) are charged as two (2) separate copies. These charges are designed to cover the cost to the Metropolitan Government for copies of records maintained and provided to requesters. This is a reasonable amount that reflects the cost to the government based upon the average cost for the copy machine, paper and supplies, and overhead costs and is also an amount equal to or less than the amount adopted by the Office of Open Records Counsel of the State of Tennessee as a reasonable cost for producing a copy of a public record. Should Metro use other media such as a flash drive, CD, etc. in order to fulfill a request, Metro reserves the right to charge the cost of the media medium to the requester.

D. The Davidson County Clerk/designee can charge the requester for employee labor that is reasonably necessary to produce the requested records. However, no charge shall accrue for the first one (1) hour incurred by personnel in producing the requested material. Costs are charged based on the hourly wage of the employee(s) (not including benefits). For salaried employees, the hourly wage is determined by dividing the employee's annual salary by the required hours to be worked per year (salary/ [52 weeks per year x hours worked per week]). The Davidson County Clerk/designee shall determine the number of hours each employee spent producing a request and then subtract one (1) hour from the highest paid employee. The Davidson County Clerk/designee will then multiply each employee's hourly wage by the total number of labor hours worked by that employee. Finally, the total labor hours for all employees will be added together to determine the total labor amount to charge.

E. Requesters will retrieve requested records by hand delivery when they return to the custodian's office. If the requester requests delivery by means of the United States Postal Service, or through any other delivery means agreed to by the Davidson County Clerk/designee, costs incurred in delivering the copies will be assessed in addition to other permitted charges. The requester shall pay the costs before the copies are provided to the requester.

F. The Davidson County Clerk/designee shall establish a written schedule of charges for special copies of records that are not maintained or provided on 8 ½" x 11" or 8 ½" x 14" paper if the actual cost of providing such record exceeds \$0.15 per page for black and white copies or \$0.50 per page for color copies.

G. The Davidson County Clerk/designee may establish a written schedule of charges for copies provided on 8 ½" x 11" or 8 ½" x 14" paper if the actual cost of providing such record exceeds \$0.15 per page for black and white copies or \$0.50 per page for color copies.

H. Department policies proposing to charge more than \$0.15 per page for black and white copies or \$0.50 per page for color copies must be submitted to the Finance Director's Office along with documentation that demonstrates that the proposed schedule of charges represents the actual costs to that department. Such documentation will also include the calculations and reasoning used to determine actual costs. If recommended by the Finance Director and approved by the Public Records Commission, the written schedule of charges for that department shall become effective when filed with the PRRC.

I. The estimated cost of providing copies requested shall be calculated by the Davidson County Clerk/designee and explained to the requester, unless the requester waives his/her right to receive this estimate. Should a requester cancel the public records request, to the extent costs have been incurred by the Department Head, the requester shall be responsible for paying the costs incurred, if the requester has agreed in writing to make the payment as set out in this section, and as explained to the requester before the copies are made. The requester has a right to waive his/her right to an estimate of charges.

J. The Davidson County Clerk/designee has discretion to reduce or waive payment of costs if the requesting party is indigent or if the administrative cost of collecting the payment is greater than the cost of providing the copies. A decision to reduce or waive costs shall be made in such manner so as to be in the best interests of the Metropolitan

Government, shall be in compliance with all federal, state, and local laws, shall be made with complete impartiality and shall not be made in a way to give the appearance of preferential treatment.

K. Where it is not practical or possible for the department's copying equipment to prepare the copies of the records requested, the Davidson County Clerk/designee shall immediately notify the requester. The requester may then request the Davidson County Clerk/designee to determine and advise the requester of the estimated cost to commercially reproduce a copy of the records. After the requester pays the estimated commercial reproduction costs, the Davidson County Clerk/designee shall arrange the commercial reproduction of the documents for the requester. The requester shall pay any costs exceeding the estimated cost before the copies are provided to the requester.

L. Where it is not reasonably possible for the department's staff to prepare the copies within the time frame the requester needs, the Davidson County Clerk/designee shall immediately notify the requester. The requester may then request the Davidson County Clerk/designee to determine and advise the requester of the estimated cost to commercially reproduce a copy of the records. After the requester pays the estimated commercial reproduction costs, the Davidson County Clerk/designee shall arrange the commercial reproduction of the documents for the requester. The requester shall pay any costs exceeding the estimated cost before the copies are provided to the requester.

M. Where the Davidson County Clerk/designee will be assessed a charge to retrieve requested records from archives, or any other entity having possession of the requested records, the Davidson County Clerk/designee shall immediately notify the requester. After the requester pays the estimated retrieval costs, the Davidson County Clerk/designee shall arrange for the retrieval and reproduction of the documents for the requester. The requester shall pay any costs exceeding the estimated cost before the copies are provided to the requester.

N. The Davidson County Clerk shall give the requester the option of receiving information in any format in which it is maintained by the Department, including electronic format consistent with Tennessee Code Title 10, Chapter 7, Part 1.

O. When large-volume requests are involved, the Davidson County Clerk shall provide the information in the most efficient and cost effective manner, including but not limited to permitting the requester to provide copying equipment or an electronic scanner when reasonable.

P. Public Officials shall not be charged for copies of records where the total cost prescribed for copies of public records does not exceed twenty-five (\$25.00) dollars. The Davidson County Clerk/designee may waive any or all payment by Public Officials where the waiver is in the best interest of the Metropolitan Government.

I. Aggregation of Frequent and Multiple Requests

1. At the discretion of the PRRC or records custodian, as appropriate, the Metropolitan Government may aggregate record requests in accordance with the Frequent and Multiple Request Policy promulgated by the OORC when more than (4) requests are received within a calendar month (either from a single individual or a group of individuals deemed working in concert).

2. [If aggregating]:

a. The level at which records requests will be aggregated is _either Metro-wide or Department-wide, at the discretion of the PRRC or records custodian, as appropriate.

b. The PRRC is responsible for making the determination that a group of individuals are working in concert. The PRRC or the records custodian must inform the individuals that they have been deemed to be working in concert and that they have the right to appeal the decision to the OORC.

c. Routinely released and readily accessible records excluded from aggregation include, but are not limited to: www.nashville.gov, Metro's Open Data portal, Municode, etc.
